travel town puts a lot of effort into increasing short term player engagement the game implements various time pressure mechanics like limited time quests and boosters that motivates players to prolong their game sessions and be more active to get the most out of those boosters the same types of offers pop up when there s an event with a unique playing board and its own energy going on the price setting and rewards are the same with the exception of energy that resource is event specific a uk trained engineer mansoor is an expert in mobile and fiber networks having held senior roles at several multinational telecom companies in his 30 year career in the industry he was also cto at the uk telecom regulator and is dedicated to building the world s first cognitive city at the line something that we must mention is that this tool has a limit of one use per day so you should think carefully about the number of resources you want for your account even so you can return later to repeat this process as many times as necessary
